

Est 2010
FIGUEROA MOUNTAIN
BREWING CO

Whether you're a Davy Brown Mug Club member or brand new to our taproom, we're so glad you're here. Starting FigMtnBrew was a dream of ours for 20 years. That dream finally became a reality in November 2010 when the first brewery opened in Buellton, CA. We started out brewing small batches of beer and watched as our son-and-pop brewery grew into a taproom where locals could come together for a place to connect. Soon we realized that other towns were looking for a taproom where they could meet with friends over great beer so we started to expand. Now with 6 taprooms throughout the Central Coast, we have a place for every community, each with their own personality and style. We invite you to join our family in the taproom or online. Follow us @FigMtnBrew or learn more about our company at www.figmtnbrew.com.

Welcome to the Fig Family!
